Welcome on board!

History at heart, future in mind

Welcome on board Braathens Regional Airlines. Our aviation DNA reaches back to 1946 when Braathens S.A.F.E., the very first airline of the Braathens family, was founded. Since our first take-off we have been at the forefront of innovation within the industry.

Our focus is always to get you to your destination in a safe and comfortable way. In addition, our key priority is finding ways to fly more sustainable. Regardless of if you are on your way to the Mediterranean Sea, or on regional routes between Stockholm and 16 destinations in the Nordics, we are always headed for the future.

We wish you a pleasant flight!
